Subject: Testimonial Letter for The ID Group

CDA has been working with Irwin Lambersky as our Canadian sales representative for the better part of 12 years now. Hard work, a thorough understanding of the customers and accounts in his territory and results have been his hallmark characteristics from the very beginning. CDA products require extensive upfront sales and engineering effort before a sale can be closed. Irwin has never hesitated to make the investment necessary to shepherd CDA opportunities along no matter the duration of the sales cycle. Irwin is a unique combination of old school one-on-one salesmanship and current technology who is able to bring all key members of the decision making process together for the collective benefit of both the customer and the supplier.

Irwin Lambersky and his team at The ID Group would be a positive addition to any sales organization.

Regards,
CDA InterCorp

Peter J. Sinatra, Jr.
Director of Sales & Marketing
